## keyspot GmbH

V1.1, effective date: 6.3.2025

This Cookie Notice applies to the websites accessible under <https://www.keyspot.ai>.

### 1. Introduction

keyspot respects your privacy and is committed to protecting your personal data. This Cookie Policy explains how and why cookies and similar technologies are used by our website "keyspot.ai" to improve your browsing experience and ensure the functionality of our services. By using our site, you agree to our use of cookies in accordance with this policy.

### 2. What are cookies?

Cookies are small text files that are placed on your device (computer, smartphone, tablet, etc.) by websites that you visit. They are widely used to make websites work, or work more efficiently, as well as to provide information to the owners of the site.

### 3. Use of Cookies

Our website utilizes cookies to:

- **Enhance Security:** We employ cookies to authenticate users, prevent fraudulent use of login credentials, and protect user data from unauthorized parties.
- **Session Management:** Cookies assist in maintaining your session and preferences, ensuring a smoother and more personalized interaction with our site.

Cookies utilized before user login:

- **bSession:** This cookie is employed for session management and security purposes.
- **client-session-bind:** This cookie facilitates the binding of client sessions to enhance session management.
- **hs:** This cookie is utilized for server session binding and security.
- **server-session-bind:** This cookie aids in the management of server sessions.
- **ssr-caching:** This cookie is used for server-side rendering caching to improve performance.
- **svSession:** This cookie is employed for session management and security.

Cookies utilized after user login:

- **JWT-Auth:** This cookie stores the JWT access token, which is crucial for maintaining a secure session with our server.
- **CSRF:** To help protect against cross-site request forgery attacks, we set a cookie with a CSRF token.
- **XSRF-TOKEN:** This cookie is used to enhance security by protecting against cross-site request forgery attacks.
- **JWT-Auth-Refresh:** This cookie stores the JWT refresh token, which is used to obtain a new access token when the current one expires without requiring you to re-authenticate.

k

The cookies described above are considered necessary for the proper functioning of our website, particularly for security and session management. These cookies do not require consent under the law and are automatically placed on your device.

#### **4. Managing Cookies**

While necessary cookies are essential for our website to function, you have control over the use of cookies through your browser settings. Most web browsers allow some control of most cookies through the browser settings. To find out more about cookies, including how to see what cookies have been set and how to manage and delete them, visit [www.allaboutcookies.org](http://www.allaboutcookies.org). Please note, however, that if you disable cookies, you may not be able to use all the functionalities of our website.

#### **5. Changes to Our Cookie Policy**

We may update this Cookie Policy from time to time in response to changing legal, technical, or business developments. When we update our Cookie Policy, we will take appropriate measures to inform you, consistent with the significance of the changes we make.
